Welcome to what will be an incredible summer experience for both you and your child! For over 100 years, YMCA Camp Duncan has provided safe, quality camping programs for young people and we will continue this strong tradition. Camp is a place for children to master critical coping skills, fosters resilience, bolsters enthusiasm, and supports self-esteem. Camp provides a great opportunity for kids to test themselves outside the home and see what they are capable of.

### SPECIALTY CAMPS

Super Science Camp: Don't miss out on this hands-on week for experiments, space, and more!

Survivor Camp: Does your child love adventure and the outdoors? Learn the wilderness survival skills that every outdoors person should have and participate in some adventurous activities.

Legomania: Is your camper a Lego maniac? Join us for the ultimate Lego camp and learn Lego building from some of the best!

Morning Swim Practice: Have fun while fine tuning your swimming skills.
